

Wardley Stem Week

Life in Physics

Yannick Ulrich

IPPP, University of Durham

3 JULY 2023

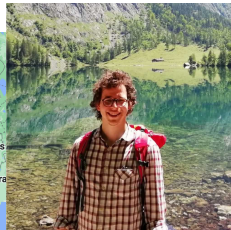

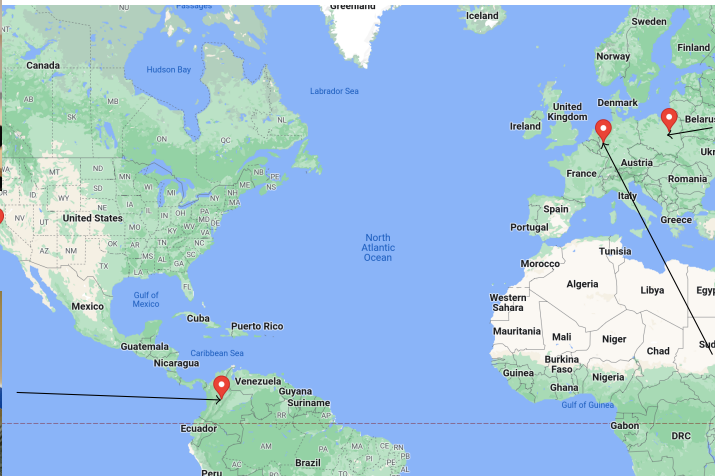

- what is physics?

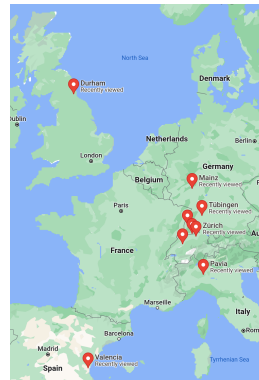

- what is physics?
- what is particle physics?

- what is physics?
- what is particle physics?
- what is the job of a particle physicist?

- what is physics?
- what is particle physics?
- what is the job of a particle physicist?
- who are particle physicist?

- what is physics?
 - what is particle physics?
 - what is the job of a particle physicist?
 - who are particle physicist?
- ⇒ Curious and interested people, **people like you!**

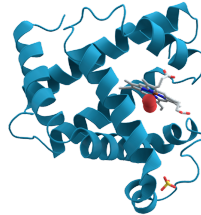

f.l.t.r.: F.Hagelstein (Mainz), A.Coutinho (IFIC), N.Schalch (Bern), L.Naterop (Zurich & PSI), S.Kollatzsch (Zurich & PSI), A.Signer (Zurich & PSI), M.Rocco (PSI), T.Engel (Freiburg), V.Sharkovska (Zurich & PSI), Y.Ulrich (Durham), A.Gurgone (Pavia)
not pictured: P.Banerjee (IIT Guwahati), D.Moreno (PSI), D.Radic (Tubingen)

Physics is about asking how everything works

- study the tiniest things in the universe that make up everything
- I really do mean tiny: imagine a hair the size of a football field...
